

DSSP1001 Fixed Security Bollard

IP68

SUS304

DSSP1001 is a high-quality fixed security bollard which is used widely to protect security areas from vehicle intrusion. It is an ideal solution for entrance with high security requirements. The solid body can stop the vehicle with high tonnage and high speed easily. No drainage required and meanwhile, it has the advantage of economy and aesthetics.

- ◆ Passed the international SGS IP68 protection grade certification, can be immersed in water to work.
- ◆ 304 stainless steel for cylinder, flange and top cover.
- ◆ Strictly antirust treatment for Q235 steel (A3) pre-embedded section, attractive and durable.
- ◆ Flange groove design for aesthetics and skid proof.
- ◆ Optional rubber LED warning light with multiple highlight colors, and remote control function.
- ◆ 3M-DG3 reflective tape, visual range 600m.

Specifications

Model No.	DSSP1001
Brand	Daosafe
Dimension & Weight	Φ340 * 805mm default≈31kg(6mm)
	Φ260 * 805mm Optional≈21kg(6mm)
	Φ225 * 805mm Optional≈15kg(6mm)
Height Aboveground	600mm
Height Underground	205mm
Cylinder Diameter	219 mm (168/133mm Optional)
Cylinder Thickness	6mm (3/8/10/12mm Optional)
Material of Cylinder	304 Stainless steel
Pre-embedded Section	Q235 Steel (A3)
Material of Flange	304 Stainless steel-Brushed
Material of Top Cover	304 Stainless steel-Brushed
Reflective Tape	3M-DG3, 50mm
Optional LED Warning Light	12VLED strip, RGB, Remote control
