

Model DS607

Optical Sliding Turnstile

DS607 is a highly stylish and sophisticated security optical sliding turnstile available on the market.

Its key advantages are as follows:

- Ultra-compact form factor: At only 880mm × 200mm, it fits perfectly in tight, space-constrained environments.
- Advanced anti-pinch safety: Equipped with 6 pairs of infrared sensors that can promptly halt the gate from closing when a person is detected.
- Wide passage capability: Supports a 1000mm clear passage, accommodating wheelchair users and pedestrians with large luggage.
- High compatibility: DS607 can be fully integrated with third-party access control systems, including card readers, QR code scanners, facial recognition devices, push buttons, remote controls, and other peripherals.

Features

- Support integrated with any type of access control systems.
- Passage width can be extended to 1000mm.
- Lower power consumption.
- Low noise, system runs smoothly.
- Blue, green and red LED indicator display passing status.
- Indoor use.
- Fire safety requirements, arms open automatically.
- Easy to install and maintain.
- 3 years warranty support.

Customized Service

- Appearance color can be customized based on installation environment.
- Dimensions can be customized to meet your request.
- Logo can be customized.
- Reader mount space can be customized.
- Infrared sensor number optional.
- Arm glass width are optional.
- Base optional: can add DSSP6005 base.
- Picture: high resolution and 3D renderings pictures can be customized.
- The wireless remote control is available as a customized option, allowing front-desk staff to control the gate directly.

Specifications

Model No.	DS607
Type	Optical Sliding Turnstile
Brand	Daosafe
Certifications	Compliance CE, ROHS, FCC
Framework Material	Steel Gray powder coated Tempered glass
Arm material	Plexiglas–transparency
Dimension	880(L)*200(W)*1100(H)mm
Net Weight	70kg/pcs
Passage Width	1000mm (standard)
Passing Direction	Retractable
MCBF	15 million
Power Supply	AC220V/110V, 50/60Hz
Operation Voltage	24V DC
Power Consumption	40W
Operation Temperature	–20 °C ~ 75 °C (can be customized)
Operation Humidity	0 ~ 95% (No freeze)
IP Level	IP54 (standard), IP65 (can be customized)
Working Environment	Indoor / Outdoor (shelter)
Flow Rate	35 people per minute
LED Indicators (Strips)	Blue color: power on, green color: entry, red color: no entry
Infrared Sensor	6 pairs (standard)
Card Reader Mount	Under the top of the cabinet Max. dimensions: 108(L)*108(W)*25(T)mm (can be customized)
Emergency	Automatic arm open when power off
Communication	Dry contact, Relay signal, RS485
Flexibility	Integrate with any access control
